### Hobby Hanger and the great purchasing power of the club.

*Remember, if we place bulk orders for multiples of the same model Horizon Hobby planes. Even as few as 3, the members ordering the planes will see discounts and the more we order the larger the possible discount. Initial discount on club orders placed in the next 30 days are 10% and it goes up from there..*

*The focus is on the new Horizon Hobby releases [viewed here](#) but if there is enough interest in something else we can probably work a deal:*

*This also applies to the new Spektrum Smart changers & batteries.*

*Let me know what you are interested in and if we get enough people wanting the same planes we'll place a club order. So far I've only heard from 1 person regarding this deal. Who is buying a new plane and wants to save some money?*

## Picnic Coordinators Needed

Who doesn't love a great picnic.....

I know we all love to just show up and enjoy the food but let's face it. The food doesn't show up by itself cooked and ready to eat and then it doesn't clean up after itself. With 100 club members, we should have more than just board members stepping up to run a picnic each year. Our event coordinator, Elizabeth, is more than ready to help you out if you have questions or need a hand with something but the board should not be doing everything for the membership.

Step up and volunteer. Get your spouse involved as picnic are our official social events.

Reach out to one of us and let us know how you will help.
