## LCAA Airbag

**HEY EVERYONE.....**

**Two quick notes:**

**The field is still open to us during these difficult times even on Monday's and Friday's when the park is closed to EVERYONE ELSE!!!!!!**

**Have you heard of SLACK? Read more from our VP, Dave:**

In this time of Social Distancing, we would like to invite you to a new LCAA Community site called Slack. We've used Slack to create a forum to have discussions with fellow Aeromodelers on a variety of topics, divided up into 'Channels'.

Subscribe to all the Channels, or only the Channels you are interested in and best of all, Slack can be installed on your phone and personal computer.

Currently we have a number of Channels, such as announcements, news and policy, for sale, and going flying (when are people going to be at the field). As of this weekend we have a new channel called virtual events where multiplayer simulator events can be scheduled. Some of us enjoyed this activity on Saturday night in RealFlight and if you join this channel you'll be alerted the next time we do this.

Here is the link to join our slack Channel, just entire this in you phone or computer, and it will guide you through the process:

[https://join.slack.com/t/loudoncountya-lit5955/shared\\_invite/zt-d7j8h5ra-2jK9YuC857Ec3yzh5S5jZg](https://join.slack.com/t/loudoncountya-lit5955/shared_invite/zt-d7j8h5ra-2jK9YuC857Ec3yzh5S5jZg)

*See you online and in person (sometime soon) and most of all BE SAFE and STAY HEALTHY*
