LCAA Airbag

Hey Everyone....

Hopefully, you're all doing great and have had the opportunity to get vaccinated

(if you wanted to be)

We've seen more folks (and club members) at the field each weekend and we've even seen an influx of GAS/Nitro planes! So get yourself out to the field and join us.

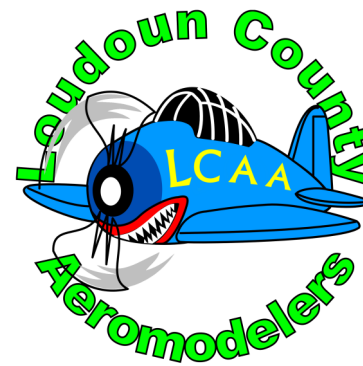

For those of you that haven't joined us on Slack yet, use this link: [Slack invite](#)

For those of you that would like to review our Annual Safety Briefing, use this link: [Safety Briefing](#)

Mark your calendars: July 3rd will be our first 2021 club sponsored picnic. Hopefully, everyone can make it out and join us. More details to follow.
